OHIO GOLD AND SILVER LEADERS MAY DIVIDE UP.

are Pounced Upon by the Rival Reception Committees-Both Sides Busy Poll that the Compromise May Take the Form of a Nomination by One Element while the Other Builds the Platform.

Springfield, O., Aug. 19.-The silve and anti-silver forces opened head-quarters today for the Democratic state convention which meets tomorrow. Lines have been drawn in the local reception committes, which divide into competing parties in their work. Many delegates are here tonight although the convention does not assemble until Wednesday. The fight between the free silver and the Brice men will occur tomorrow evening when the members of the committee on resolutions and other committees in organization are selected. There are 808 delegates. The silver men classify them as 343 for free silver, 228 for gold and 137 doubtful. The Brice men claim there are 465 for "honest money" and that of the 343 claimed by Thurman men for silver, some are doubtful. It is generally believed, since the last counties selected delegates today, that the Brice men will control all the organization and will have fourteen out of the twenty-one members of the cammittee on resolutions.

Senator Brice, ex-Governor Cammbell and other leaders arrive tomorrow morning and are to dine with John Thomas, the free silver leader. This fact is recognized as assuring a compromise before the district meetings are held at 5 p. m. It is believed there will be some agreement at the Thomas dinner as to who will be nominated for governor. If ex-Governor Campbell will not run, then John H. Thomas, or James Killbourne may be nominated men will occur tomorrow evening when

bell will not run, then John H. Thomas or James Kilbourne may be nominat-ed. Both are free silver men. The real issue pending is as to what con-cession will be made to the free silver men and yet make the record for the party that is desired by Senator Brice. One may make a platform and the oth-er the nominatons. There are some bitternesses to be settled while Senator Brice is presiding as temporary chair-man, and there may be trouble at the opening of the convention if all the silver contestants are unseated.

SILVER MEN OF THE COAST.

White Metal's Advocates Hold a Non-Par tisan Convention in San Francisco. San Francisco, Aug. 19.—At noon today the non-partisan silver convention
call by the American Bimetallic league,
met in Metropolitan hall. The object
of the convention is to sound California
on the silver question. The convention
will continue in session three days.

The league held its open session this
afternoon. The assemblage is called

Lystery of a Murder at Cleveland May be

Cleveland, O., Aug. 19.—The establishment of an independent Polish church some time ago by Rev. A. F. Kolaszewski and A. M. Chrostowski, the former editor of the Morning Star, a paper published in the interest of the Polish people of Cleveland, has caused continuous trouble between the members of the new parish and those of St. Stanislas' parish, from which the former cuceded.

Within the last week the fight between the factions has taken another turn, and the Polish people of this city

tween the factions has taken another turn, and the Polish people of this city are in the throes of a sensation. The most startling phase of the affair is that Chrostowskit, who now lives in Philadelphia, has written in an indirect manner to the effect that he knows more than he has ever told of the murder of Mrs. Elizabeth Janicki, the Polish woman who was found on Kender of Mrs. Elizabeth Janicki, the Polish woman who was found on Kenyon street, in an unconscious condition a little more than a year ago. She was taken to St. Alixs' hospital, and died within a week. It was found that she had been beaten on the head with a stone, and left to die. She had gone out to meet her son, and while returning to her home without him, in a lonely spot, near a gully, was assaulted. John Lisiecki was shortly afterwards arrested on suspicion or having caused

## AVERAGE IS LOWER

WHEAT IS DULL AND WEAK AND HOLDERS ARE WEARY.

Chicago, Aug. 19.-Wheat ruled dull and weak while the opening transac-tions were at some advances on Saturday's close, there was a steady drop of 1 cent during the next hour, then some lower. There was no special reason for the early advance. A factor of weakness was found in the increased ship-ment of Russian wheat last week which were 3,016,000 bushels against 2,160,000 bushels the week before. The deliveries in the northwest are also increasthe world's shipments last week would prove to be materially larger than the week before and that prices in Liverpool were relatively lower than here made holders uneasy, and there was generous liquidation. September open-ed at 66% cents, fell to 65% cents, sold to 66% cents, off to 66% cents again at

to 66% cents, off to 66% cents again at noon and closed at 66 cents.

Corn started higher and for a time September held strong on the big cash demand while May was tending downward on reports of cooler weather and rain where hot winds and drouth have been reported. But there was such free selling of September at the advance that it finally turned and followed May on the downward track. September sold early at 39% cents, fell to 38% cents, up to 39% cents, off by noon to 38% cents again. May sold from 33% cents early to 33 cents at noon. The weakness continued during the last hour and September closed at 38% cents and May at 32% cents.

hour and September closed at 38% cents and May at 32% cents.
Oats were easy, following corn. September sold from 21 cents to 20% cents, and May from 24 cents to 23% cents.
Provisions were firmer and closed a trifle higher. At the close September deliveries for pork, lard and ribs were respectively higher for the day by 10 cents 21% cents and 15 cents while for cents, 2½ cents and 15 cents, while for January the changes are confined to a 2½ cent rise in lard, pork and ribs clos-ing as on Saturday.

## TAKES TO TOBACCO

SPECULATION LARGELY TAXES UP WITH THAT ARTICLE

It Slide from 114 1-4 Per Cout to 92 Per urday 19 1-0 Per

in the stock of the American Tobs company dominated today's share m ket. During the past few days ru has been busy with the affairs of this property and there are evidences of the working of a plan to depress the values of its shares, the leader of which ap-pears to be a well-known bear operator who is noted for the methods he adopts who is noted for the methods he adopts
to create speculative altuations. When
the attack on the Tobacco trust was begun, reports were circulated that independent tobacco manufacturers in the
west and south were combing against
it with the purpose of creating a general liquidation of the company's stock.
At the opening of the campaign about
ten days are the stock stood at 1144. At the opening of the campaign about ten days ago, the stock stood at 114½ per cent and from then to last Saturday night it was put down from 1 to 3 per cent a day, closing Saturday night at 104½ per cent. This morning under induced pressure, it opened as the stock exchange official quotation gives it, 2.500 shares from 100½ to 101, which means that sales were made in the Tobacco pool at the high and low figures at about the same time, so heavy was the rush to sell. Throughout the entired day the selling movement was carried on and the last sale made was at 92 the lowest figure touched, which is 12½ per cent below the final figure of Saturday. Charges have been made that insiders in the company after creating a market far the shares, have been unloading them upon the public. The preferred stock broke 4 per cent, to 106 per cent. In the general market speculation was firm at the opening. Chicago Gas was notably strong and advanced 1½ per cent, the demand for the stock coming from the same houses which recently have been buying it with the alleged purpose of securing a controlling interten days ago, the stock stood at 116% cent, the demand for the stock coming from the same houses which recently have been buying it with the alleged purpose of securing a controlling inter-est. The shares were somewhat scarce and there was some covering by reason of that fact. Manhattan was in brisk demand, the purchases being credited mainly to insiders and the recent self-ers and moved up 1k neg cent and later demand, the purchases being credited mainly to insiders and the recent sellers, and moved up 1½ per cent and later an additional 1½ per cent. When the break came in Tobacco most of the other sahres dealt in became heavy and reseded, notably Sugar 2½ per cent; Chicago Gas 1½ per cent; Leather preferred 1½ per cent; Cotton Oil 1½ per cent; Tennessee Coal 1½ per cent and Distilling and Rubber ½ per cent and Distilling and Rubber ½ per cent. The railway list did not participate in the downward movement to any great extent except that Lake Erle and Western declined 1½ per cent and Lake Erle and Western preferred and Oregon Improvement 2 per cent; In the aftermonthe pressure was renewed and on covering of short contracts Sugar recovered 1½ per cent; Chicago Gas, Lachawanna and Lake Erle and Western preferred 1½ per cent; Cleather preferred 1½ per cent; Leather p

nds were strong with sales of IL

New York, Aug. 12.—The Eevning Post's London cablegram says: Cloudless weather emptied the stock market today. Kaffirs were the only speculative interest. Americans were neglected. The money market was a trifle harder on the remittance of indemnity funds to the Eank of England, about 8,000,000 pounds have already gone there. The remittance may now slackne for a time.

New York, Aug. 13.—Celrichs & Co. will ship \$100,000 in gold to Europe to-

Hoskir, Wood & Co. state that they will ship \$750,000 to \$1,000,000 gold on Wednesday's steamer.

New York, Aug. 19.—Agents have advanced the price of kid finished cambrics to D% and D% cents respectively, for 64-inch square and 56.00 except that of the latter class the Red Cross are 3% cents. With commission merchants there was a good quotation of odds for all classes of staples and seasonable specialties. The larger show of business was in the joining department. Printing cloths in improving demand and following the sales of 10,000 pieces 64 squares at 2 cents, less % per cent, the price declined in favor of holders asking 3 cents flat. New York.
